Re: Peck Iron and Metal Site

Dear Sir or Madam:

EPA has obtained information which suggests that The Bird Group of Companies LTD (hereinafter, "you" and "your company") owned and operated a scrap materials recycling business that may have allowed for the disposal of scrap materials which may have contained hazardous substances, pollutants and/or contaminants at the former Peck Iron and Metal Site at 3850 Elm Avenue in Portsmouth, Virginia (the "Site").

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, ("CERCLA"), 42 U.S.C. §9604(e), EPA has the authority to require your company to furnish all information and documents in its possession, custody or control, or in the possession, custody or control of any of your company's employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. §9601(14), pollutants and/or contaminants as defined by Section 101(33) of CERCLA, 42 U.S.C. §9601(33), which were transported to, stored, treated, or disposed of at the former Peck Iron and Metal Site.

Section 104(e) of CERCLA authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject your company to criminal penalties under 18 U.S.C. §1001. The information your company provide may be used by EPA in administrative, civil, or criminal proceedings.

Instructions for responding to this required submission of information are provided below.

INSTRUCTIONS

1. Your company is entitled to assert a claim of business confidentiality covering any part or all of the information you submit. If you desire to assert a claim of business confidentiality, please see Enclosure 1, Business Confidentiality Claims/Disclosure to EPA Contractors & Grantees of Your Response. You must clearly mark such information by either stamping or using any other form of notice that such information is trade secret, proprietary, or company confidential. To best ensure that your intent is clear, we recommend that you mark as confidential each page containing such claimed information.
2. Please provide a separate, detailed narrative response to each question, and to each subpart of a question, set forth in this Information Request. If you fail to provide a detailed response, EPA may deem your response to be insufficient and thus a failure to comply with this Information Request, which may subject your company to penalties.
3. Precede each response with the number of the question or subpart of the question to which it corresponds. For each document or group of documents produced in response to this Information Request, indicate the number of the specific question(s) or subpart of the question(s) to which it responds.
4. Should you find at any time after submission of your response that any portion of the submitted information is false, misrepresents the truth or is incomplete, you must notify EPA of this fact and provide EPA with a corrected written response.
5. Any terms that are used in this Information Request and/or its Enclosures that are defined in CERCLA shall have the meaning set forth in CERCLA. Definitions of several such terms are set forth in Enclosure 1, *Definitions*, for your convenience. Also, several additional terms not defined in CERCLA are defined in Enclosure 1. Those terms shall have the meaning set forth in Enclosure 1 any time such terms are used in this Information Request and/or its Enclosures.

 22. All terms not defined herein shall have their ordinary meaning, unless such terms are defined in CERCLA, or 40 C.F.R. Part 300, in which case the statutory or regulatory definitions shall apply.
